CLEARY BUILDING CORP. CONTINUES TO SUPPORT LOCAL BUSINESS

VERONA, WI - CLEARY BUILDING CORP. is pleased to announce the purchase of a new column assembly machine from Faith Engineering, Inc. in Monroe, Wisconsin. The new custom designed, state of the art post frame building laminated column assembly machine will be installed at the Cleary Building Corp. Grand Island, Nebraska manufacturing plant. The purchase of the new column assembly machine from Faith Engineering embodies Cleary Building Corp.'s commitment to supporting local businesses.

The new column assembly machine will provide additional automated production capabilities and improve quality control and efficiency for three and four ply nail laminated post frame building columns. The machine can construct 2x6, 2x8 and 2x10 three or four ply nail laminated columns. The new machine provides multiple employee safety and maintenance features not found on current column assembly machine models. A similar column assembly machine is already in use at the Verona, Wisconsin manufacturing plant.

The new machine will provide enhanced nailing and quality control capabilities for standard length, non-spliced building columns up to 24' long (the longest cut of lumber available). It will also provide the automated ability to produce customized nail patterns and splicing capabilities for specially engineered long columns up to 33'. The new machine will automatically stack columns coming off the production line for more efficient handling and loading. Additional programming features can be added in the future as Cleary Building Corp. continues to grow.

Cleary Building Corp. is a nation-wide leader in the manufacturing, delivery and construction of customized pre-engineered structures. Building applications include commercial, residential, suburban, farm and equine facilities along with metal roofing and re-roofs. The buildings consist of a wood frame with pre-painted steel panels used for roofing and siding. Cleary Building Corp. is proud to offer a lifetime paint warranty. This type of building provides for a long-lasting, low-maintenance and cost-effective structure.

Cleary Building Corp. is a family-owned company celebrating 31 years in business! The corporate office and manufacturing plant are located in Verona, WI. Additional manufacturing facilities are located in Grand Island, NE and Hazelton, ID. Cleary Building Corp. employs over 900 full-time employees throughout the United States at its 78 offices.
