### **Fabral unveils new paint system and lifetime warranty**

On March 1, 2006, Fabral launched their new Enduracote™ paint system and lifetime warranty at the National Frame Building Expo in Nashville, TN. Enduracote™ is available on Fabral's flagship Grandrib® 3 and Grandrib® 3 Plus profiles as well as many of their other light gauge exposed and concealed fastener panels and standing seam roof systems.

Enduracote's™ cutting edge technology offers enhanced durability and superior long-term performance against the elements. "We're very excited about improving the performance of our products and bringing even greater value to our customers. Our confidence with this new paint system is reflected in the improved warranties we are offering," says Scott Bacon, Director of Sales and Marketing.

Endruacote™ and Fabral's new lifetime warranty are available on most products shipped from any of their nationwide manufacturing locations.

Fabral, a Euramax company, is celebrating its 39<sup>th</sup> year as one of the industry's leading producers of metal wall and roof systems for architectural, industrial, commercial and post frame markets. For more information on Fabral products please write or call: Fabral, Inc., 3449 Hempland Road, Lancaster, PA 17601. E-mail [sales@fabral.com](mailto:sales@fabral.com). Telephone (800) 477-2741. Or log onto [www.fabral.com](http://www.fabral.com).

**ENDURACOTE**   
PREMIUM DEFENSE  
Against the Elements

The logo for Enduracote Premium Defense. It consists of the word "ENDURACOTE" in a large, bold, green sans-serif font. To the right of "ENDURACOTE" is a graphic element consisting of three vertical green bars of varying heights. Below this graphic, the words "PREMIUM DEFENSE" are written in a smaller, green, all-caps font, and below that, the tagline "Against the Elements" is written in an even smaller, green, sans-serif font.
